ESTABLISHED 1833. FORT WAYNE, IND., FRIDAY, JAN. 12, 1900. PRICE TWO CENTS.

ADVANCE IS BEGUN.

Buller Has Occupied the South Bank of the Tugela River Which is in Flood.

BOERS ARE STRONGLY ENTRENCHED.

London, Jan. 12.—The war office this morning received the following dispatch from General Buller, dated Springfield, Thursday, January 11, at 9:20 evening:

"I occupied the south bank of the Tugela river at Potgieter's drift this morning and seized port. The river is in flood. The enemy is strongly entrenched about four and a half miles to the north."

BULLER'S PLANS.

London, Jan. 12.—Apart from the definite news that General Buller has commenced a second attempt to cross the Tugela river, the only official news this morning is the list of casualties among the British officers in the fight at Ladysmith, Saturday, January 6, showing thirteen killed and twenty-seven wounded. Among the latter was Lieutenant Colonel William Henry Dick-Cunyngham, V. C., commander of the Second battalion of the Gordon Highlanders since 1897, who has since succumbed to his wounds.

He was immensely popular everywhere and his death will cause widespread sorrow.

General Buller's movement, obviously, is of a flanking character, but whether it is intended to push the advance home or whether his operations are only a feint to cover an attack in force on the Boer position at Hlangawan mountain remains to be seen.

Springfield, from whence General Buller's dispatch was sent, is sixteen miles west of Frere. The last news from Springfield was that it was held by the Johannesburg corps under General Ben Viljoen and the Boers had big guns in position at Potgieters drift, apparently six or eight miles north of Springfield and across the big Tugela. The possession of the drift and the point is regarded as of great importance.

It is reported that General Buller submitted his plan of campaign to Lord Roberts immediately after the latter landed and that General Roberts sanctioned it.

There is belief in some quarters that General Hector MacDonald will succeed Lord Methuen in command of the British force at Modder river.

INTERESTING CEREMONY.

London, Jan. 12.—There was a unique and interesting ceremony at the Guild hall today, when 500 of the city of London imperial volunteers received their kits and the freedom of the city. The big crowds in the vicinity cheered the arriving volunteers, each of whom received a parchment certificate of the freedom enclosed in a neat blue case. The ceremonial admitting the officers, this afternoon, was more elaborate. It occurred in the presence of the lord mayor, Mr. A. J. Newton, the councillors and the Duke of Cambridge. This portion of the regiment, which sails tomorrow, will attend a special service in St. Paul's cathedral tonight and will afterwards be entertained at supper by the benchers of the inner temple.

REPORT BRITISH LOSSES.

London, Jan. 12.—The war office announces that the British casualties at Ladysmith January 6, among the rank and file, were 135 killed and 242 wounded. Lady Methuen has issued an absolute contradiction of the rumors that Lord Methuen is ill or that he was injured by the falling of his horse at the battle of Magersfontein.

THE CASE OF YOUNG HAY.

London, Jan. 12.—With reference to a Washington report cabled here that the Boers will refuse to receive Albert S. Hay, the new United States consul at Pretoria, now on his way to his post, on account of the fact that he "was in constant communication" with the British foreign office while in London, the Associated Press is informed that Mr. Hay's communication at the foreign office consisted of a social call on Lord Salisbury, which lasted only a few minutes and was undertaken purely because as a son of the United States secretary of state and a former ambassador at London, he desired to personally pay his father's compliments to the premier. The Associated Press is officially informed that Lord Salisbury and Mr. Hay did not discuss Transvaal affairs.

PHILIPPINE COMMISSION.

New York, Jan. 12.—A special to the Times from Washington says: About the last of January the Philippine commission will submit their full report to the president. President Schurman was at the white house Thursday to announce that progress was being made, and before February the work of the commission would be completed. In the full report each commissioner will deal with a separate subject. That of President Schurman is on government for the Philippines. He has considered the matter fully, and has discussed his report with the president. It is assumed that such practical points as he may offer will be brought to the attention of the appropriate committees of the senate and the house. As to the question of again sending a commission to the Philippines, it has been suggested in congress, by both senators and representatives, that a joint commission of members might be named for that purpose. It would be very popular, and also very expensive, but it is insisted that it would be a better way of preparing congress for legislative action than the plan of making up a committee outside of congress and expecting members of both houses to read their report after it has been made in order to become informed.

It is maintained that a report from members who are well known would be more interesting and impressive.

FAMOUS WOMAN DOCTOR DIES.

Boston, Mass., Jan. 12.—Mrs. Elizabeth J. French, M. D., aged seventy-nine years, renowned as physician and temperance lecturer, died at her home here yesterday. She was born in Mechanicsburg, Pa., the daughter of a physician, and worked with her father until her marriage, when she began practice in New York. Later she lived in Philadelphia and six years ago came to Boston. Mrs French's special line of work was in the medical and therapeutic uses of electricity and electro cranial diagnosis, in which she established a fame almost world-wide, receiving commendation from the most distinguished members of the medical profession. She was the originator of the woman's temperance praying band. She also was the author of several books on her special medical work and upon temperance. She is survived by two daughters, May French Sheldon, the African explorer and author, who resides in London, and Dr. Belle French Patterson, a well known practitioner and lecturer, of this city.

AXTELL IS ASKED TO RESIGN.

Royal Oak, Mich., Jan. 12.—The members of Rev. J. J. Axtell's congregation have taken a decided stand against his pugilistic tendencies and shown the fighting parson in the strongest possible manner that they disapprove of the notoriety he has gained and the manner in which he secured it. At a meeting of the church board a resolution was adopted "that in view of Mr. Axtell's recent conduct we ask him to resign." There was no opposition to the resolution. Mr. Axtell is in Battle Creek lecturing, but Mrs. Axtell was present to represent her husband. It is understood that Mr. Axtell's offer to box at the benefit for the sufferers from the Wonderland disaster was the cause of the congregation's action. Word has been received from Battle Creek that Mr. Axtell considers the action of the church board illegal and will contest it. Mrs. Axtell intimates that her husband will quit the Royal Oak pastorate and go on a lecture tour throughout the state.

MAY GET OUT OF PRISON.

Hammond, Ind., Jan. 12.—Ex-Justice of the Peace Henry B. Crawford, who was taken to the state penitentiary at Michigan City Monday to serve an indeterminate sentence for malfeasance in office, may yet regain his liberty. His attorney, A. F. Knotts, went to Indianapolis last night and today will make an appeal before the supreme court in his behalf.

SAW GENERAL CORBIN.

A special telegram from Washington to the Indianapolis Sentinel this morning says:

"Representative Robinson today called on General Corbin and Secretary Root relative to having the remains of General Lawton brought to Fort Wayne and lying in state there. General Corbin says the place of debarkation had not as yet been determined upon by the department. The New Orleans route is thought of favorably on account of snow in the mountains. Mr. Robinson did not see Secretary Root, but will call on him tomorrow. Both the Indiana senators and all the representatives have asked that his request of the citizens of Fort Wayne be granted and have signed a petition to the war department.

REPORT THE CANAL MEASURE

HOUSE COMMITTEE FAVORS A GREAT WATERWAY.

Recommend the Nicaragua Route and Provide a Bill That Will Bring It About.

Washington, Jan. 12.—The house committee on inter-state and foreign commerce today ordered a favorable report upon the Hepburn bill for the construction of the Nicaragua canal. The bill is practically the same one reported by the committee in the last congress. There was some discussion about the advisability of delaying action on the bill until the Isthmian canal commission reported, but this was finally regarded as unnecessary and all the members except Mr. Fletcher, of Minnesota, voted to report the bill favorably.

The latter said his silence should not be construed as opposition to the measure, but merely as a reservation of his right to support or oppose it after further consideration.

The committee made some changes in the original bill, inserting a new section three and making verbal alterations.

The bill after providing that the president shall acquire the territory for the construction of the canal from the states of Costa Rica and Nicaragua, shall direct the secretary of war to construct the canal, and $140,000,000 is authorized to to be appropriated for the purpose set forth in the bill.

IN THE HOUSE.

Washington, Jan. 12.—Mr. Catchings, of Mississippi, was sworn in as a member at the opening of the session of the house today. He has been detained at home since congress convened. The speaker laid before the house the resignation of John Walter Smith, governor of Maryland.

Mr. Sulzer, of New York, then presented for immediate consideration a resolution for the appointment of a special committee of nine members to investigate the relations of the secretary of the treasury with certain New York national banks, and the transactions relative to the sale of the New York custom house.

Before the reading of the resolution was completed Mr. Dalzell, republican, of Pennsylvania, objected on the ground that the resolution should go through the box in the regular way.

"Then I ask unanimous consent," said Mr. Sulzer, "for its consideration."

"I object," shouted Mr. Hopkins, republicans, of Illinois, and several other republicans.

The house, at 12:20 p. m., adjourned until Monday.

POLICE COURT NEWS.

Mayor Scherer being out of the city, Justice Harry F. France presided at police court this morning. Maud Bowman and another woman, together with two young men, were arraigned for association. They put up bail and were released. Two old fellows accumulated quite a "jag" apiece yesterday and quarreled. A fight followed and Officer Pappert placed them under arrest. Acting Mayor France sent both of the fellows to jail.

Nineteen applications for membership were received at the last meeting of the Knights of Columbus.

TALK OF TILLING.

ALLEN COUNTY FARMERS ARE IN SESSION.

THE ANNUAL INSTITUTE OPENS

THE ATTENDANCE IS LARGE AND INTEREST GOOD.

COMMITTEES ARE APPOINTED

FIRST DAY BEGINS UNDER FINE AUSPICES.

Good attendance and the liveliest interest are the distinguishing features of the tenth annual institute of the farmers of Allen county, which opened at the city hall this morning, and from even the earliest indications it is certain the farmers and their wives are going to have a most interesting and helpful session.

President Alexander Johnson called the institute to order at 9:30 o'clock, with Mrs. W. P. DeVilbiss as secretary, and the Choral union of Lake township, a fine company of singers, under the leadership of Prof. Hyatt, rendered a selection, which was received with generous applause. There was little of routine business to occupy the attention of the institute and the chairman announced the appointment of the following committees:

THE COMMITTEES.

On Resolutions—N. P. Brown, Stephen Heath, Mrs. John McIntosh.

On Nominations—Theodore Sorg, Marion Smith, John Gillie.

On Prizes—August Grodrian, Daniel Rieter, Mrs. Sorg.

The chairman took up the subject of "Good Plowing" and made a report on the annual contest of the Washington and St. Joe townships farmers. The methods and results were generally discussed by the members, Mr. Gillie opening the talks upon this line.

W. P. DeVilbiss, one of the best known and most advanced of Allen county farmers, was introduced and took up the subject, "Conservation of Soil Moisture." Dwelling briefly upon the necessity of moisture, Mr. DeVilbiss would best conserve it by deep tile drainage and by keeping the soil broken. Mr. DeVilbiss advocated fall plowing, saying that ground plowed in the fall holds from two to three inches more water than that plowed in the spring or summer. Treat the ground properly after each crop and put it in good condition. If this is not done it becomes poor in moisture and in vegetable fertility. Sow clover. Get the ground full of vegetable mould. It will then receive and retain every drop of moisture that falls upon it.

At the close of Mr. DeVilbiss' remarks a number of questions were asked and answered, and Hon. Cal Husselman gave an explanation of the operation of tile drains in soil, as shown by the laboratory at Purdue university. A deep drain would begin to run in case of a heavy rain before a shallow one. Drain tile does not take moisture from the soil until the soil is saturated.

"GOOD TILLAGE."

Hon. Cal Husselman, of Auburn, took up the subject of "Good Tillage," and in the course of his address he brought out some strong points that aroused much interest. Mr. Husselman is an advocate of deep drainage as a necessity to proper tillage of the soil. This is the correct method to employ in all kinds of ground—even in the hardest of clay land, said the speaker. No soil is so hard that you can not fill it with vegetable matter, and when this is done you will fill it with moisture. The land must be filled with humus to protect it—to keep something growing in it. Successful tillage means building up the soil. It is a study of the condition of the soil and of improving it. Build up the fertility of your fields. It is necessary to grow clover for this purpose—not in a hap-hazard way, but intelligently and systematically, and thoroughly. You can deplete the fertility of the soil by sowing, not covering the land and then pasturing it after harvest. Don't do this. Sow quickly; protect it; carry it through the summer. Hot sun never kills clover. If moisture is at its roots it will live. Cut the seed before the leaves have matured. After harvest don't pasture it. It will enrich your soil far better than any of the commercial fertilizers for which the farmers of Indiana expended $1,800,000 in 1890. If you will grow clover systematically and intelligently, you don't need to buy fertilizer. Spread manure and feed the clover. It will feed the soil. It adds to it nitrogen and potash, and thus you are subsoiling the soil itself. Spread manure evenly over the surface of a growing crop. It goes into the surface of the soil where the roots of the plant system are, and adds to it a wealth of vegetable fertility.

Other conditions which enter into the subject of tillage are the arrangements of field and farm buildings, for they add to or retard the farm work. Take fences away. In a six-acre field one-third the time used in plowing is occupied in turning around. Don't pasture your stubble fields. Pasture injures land more than growing crops. Pasture should be permanent. Grow crops to feed your stock. Blue grass sod that has never been broken is the best pasture in the world.

In response to a question, Mr. Husselman advised that tile should go to a depth of from forty inches to four feet; have the tile big enough; four-inch tile is none too large for the smallest size. Land is thoroughly drained when it is so drained that in a heavy rain water will not run over it, but will penetrate it and be retained.

AFTERNOON SESSION.

The general subject for the session this afternoon was "The Stock and Its Care," and the speakers divided their talk along this line. "Sheep Husbandry," by W. J. Esterline; "Cows' Milk and Butter," by Mr. Husselman; "Thoroughbred Stock or Scrubs," by Charles H. McCulloch, and "Artificial Incubation," by Chas. Piepenbrink, formed a series of topics which, under the handling of the speakers and the discussion of the institute, brought out a wealth of new ideas which will surely be helpful in the work of the farm during the coming year.

During the afternoon session A. J. Yon, of this city, addressed the institute in the interests of a canning factory which it is hoped to establish in this city. A number of well-known business men have given it encouragement, and it is hoped to interest a large number of farmers and gardeners in the plan, to the end that they may become stockholders in the enterprise. Mr. You set forth the advantages of the plan in the additional demand for fruits and vegetables, which are products of the farm, give employment to home labor and furnish a home market for these goods.

This evening the band from the state institution will be present, and the general topic will be "The Home and Its Happiness." The speakers are Mrs. R. A. Houk, Mrs. Florence Ross, of Southport, Frieda Hyatt, and Mr. Husselman. The sessions continue tomorrow.

MAY BE A PASSENGER SHIP

BURNING VESSEL FAST ON A REEF.

Went Ashore on Rocky Coast of New Foundland—Bodies Floating in the Surf.

St. Johns, N. F., Jan. 12.—Belated reports from the magistrate and wreck commissioner at St. Marys give the following additional particulars in regard to the steamer fast on the reef and burning:

She is a two-masted vessel and is a complete wreck. Only three survivors were visible at nightfall. The vessel's boats were smashed and were floating bottom up. The crew had probably tried to land in the boats and had been drowned in the attempt. Some bodies were visible in the surf. The ship is on fire aft. No hope is entertained that the lives of any of those on board the vessel will be saved. Nothing is known of her name or personnel.

The marine officials here say the wrecked steamer is not an oil tanker, there not being a two-masted steamer of the build afloat.

The feeling is confirmed that from the number of boats adrift that she is a passenger ship.

The weather is becoming stormy again and it is feared the shore folks will not be able to board her tonight or recover enough wreckage to identify her.

INJURED BY A FALL.

This morning Mrs. H. Hagedorn, of Pine street, slipped on the icy sidewalk near her home and fell with such force as to cause serious injuries. Dr. A. J. Boswell was called and found that while the sufferer had many severe bruises none were of a grave character.

MARRIAGE LICENSE.

Charles N. Fuhrman and Bertha M. Miller.

Major Will Wilson is at Indianapolis.

THE BISHOP IS DEAD.

Rt. Rev. Joseph Rademacher Yields After a Long Struggle With the Grim Destroyer.

AN ILLUSTRIOUS CAREER IS CLOSED.

At 11:25 o'clock this morning death conquered in the prolonged struggle and the eyes of Rt. Rev. Joseph Rademacher, bishop of the diocese of Fort Wayne, closed in eternal sleep. For nearly a week the end had been expected at almost any hour. The public had been kept fully advised of the bishop's critical condition, and when the solemn tolling of the Cathedral bell this morning reached the ears of the people they understood the message. The brave, brilliant, lovable leader had fallen in the battle before the grim conqueror.

but a few days. Daily since that time his condition has grown more hopeless, only the remarkable vitality sustaining the invalid in his struggle until this morning.

At no hour during the past few days would the bishop's death have been a surprise to those familiar with his condition. There was at no time a sudden violent attack of disease—it was merely a gradual failure of the disease worn system. Within the past day or two there has been a weakening of the heart's action, and respiration grew more difficult. But a few minutes before the bishop's death this morning Dr. Rosenthal, the attending physician, was at his bedside. There was little change in the patient's condition save for the growing weakness, and no indication that the end was so near. It was then believed the patient might live some hours longer. Within a few minutes, however, the taper of life, growing fainter and fainter, simply burned out, and Bishop Rademacher was at rest. Heart failure had ended the struggle.

RT. REV. BISHOP RADEMACHER.
Late Bishop of the Diocese of Fort Wayne.

WILL LIE IN STATE.

The news of the bishop's death spread rapidly, for the bell of every Catholic church in the city pealed out its sad message, tolling one hour. Notification was at once sent by telegraph to every clergyman in the diocese, to Archbishop Elder and other dignitaries of the church, as well as to many other absent friends of the dead bishop. The people of Fort Wayne will be permitted to view the remains of the loved bishop, for it has been determined to have them lie in state at the Cathedral under a guard of honor made up from the several societies of the church.

The remains will be removed to the Cathedral on Sunday after vespers, and will remain there until the interment. Here those who desire may look for the last time upon the face of the loved bishop, whose devotion was an inspiration to all, and whose demise is mourned not alone by those of his own religious faith, but by those in every circle of life who knew and esteemed him to the highest degree.

THE FUNERAL.

Bishop Rademacher's funeral services will be held from the Cathedral on Tuesday morning, the solemn service beginning at 9 o'clock. The details of the obsequies have not all been arranged, but the offices for the dead will be performed by the clergy of the city. Mass will be sung by Most Rev. Archbishop Elder, of Cincinnati, and the funeral sermon which follows will be delivered by Rt. Rev. I. F. Horstmann, bishop of Cleveland.

At the close of the services Bishop Rademacher's remains will be placed

(Continued on Second Page.)

FOR CONSTIPATION.

Acting causes a loss of appetite so quickly as a disordered stomach, or failure to properly assimilate food. Nine times out of ten a mild laxative will relieve this condition and restore the proper organs to perform their work. Formula B is the famous BAR-BEN LAXATIVE. One tablet every second or third night will work wonders in correcting habitual constipation, and ridding the digestive organs. Formula B is a CURE for constipation, and you will not be compelled to take it continuously for months, with gradual increase of dosage, as is the case with so many so-called laxatives. Formula B Bar-Ben tones and strengthens the bowels, soon making it possible for them to perform their labors unaided; 25 cents at all druggists, or mailed on receipt of price. Formula X for dyspepsia, 50 cents. Bar-Ben restorative, the great nerve tonic and blood purifier, 60 doses 50 cents; 6 boxes $2.50. Drs. Barton and Benson, Bar-Ben Block, Cleveland, O.

Sold only by the following druggists:

RANKE & NUSBAUM,
88 Calhoun St.

A. C. GOCKE,
96 Broadway.

THE BISHOP DEAD.

(Continued From First Page.)

in the Cathedral vault, to rest beside those of his illustrious predecessors, Bishop Luers and Bishop Dwenger.

BIOGRAPHICAL.

The Right Rev. Joseph Rademacher, third bishop of Fort Wayne, was a native of Michigan. He was born at Westphalia, Clinton county, December 3, 1840, and was therefore not yet sixty years of age. At the age of fifteen years, in 1855, his parents sent him to St. Vincent's college, near Latrobe, Pa., a famous institution of learning in charge of the Benedictine order. Here he completed his classical and philosophical education, and entered upon the study of theology.

He completed the latter discipline at St. Michael's seminary, at Pittsburg, and then came westward. Becoming affiliated with the diocese of Fort Wayne, the young student was elevated to the priesthood in this city August 2, 1863, by Rt. Rev. Bishop Luers. Here was the beginning of his labors as priest, and here at the same spot the bishop lays down his robes to take on immortality, after many years of fruitful labor in the cause of the Savior, and after occupying with so singular an ability the successive stations in the work of the church from its simplest beginning to one of the most exalted positions in the Christian church.

IN THE PRIESTHOOD.

Rev. Father Rademacher's first charge was the village of Attica, in Fountain county, this state, in conjunction with a number of missions in the adjoining counties. The labor was not easy, but the young priest took up the work with vigor and zeal, and his six years in this pastorate was signally successful. Then he was transferred to Columbia City. His work here was short, for Bishop Dwenger recognized in his sterling qualities of mind and heart the capability for a more important work, and Father Rademacher was called to the pastorate of St. Mary's church in this city, one of the most important parishes in the diocese. Here also came his appointment as diocesan chancellor. Rev. Father Rademacher's labors as pastor of St. Mary's church are lovingly remembered by all the older members of St. Mary's congregation today, and when their pastor rose to bishop, and then returned to Fort Wayne, none were more highly gratified than they. In June, 1880, Father Rademacher was appointed pastor of St. Mary's church at Lafayette, a position which he held exactly three years.

BECAME A BISHOP.

The diocese of Nashville, Tenn., having been left without a bishop by the translation of the Rt. Rev. Bishop Feehan to Chicago in 1883, it became necessary to name a successor to him for that exalted position, and in the solemn and mature deliberation which characterizes making a selection of this kind, the choice fell upon the Indiana clergyman. Rev. Joseph Rademacher was appointed to that see, and on June 24, 1883, was consecrated bishop of Nashville.

Bishop Rademacher's administration of the affairs of the Nashville diocese was wise, conservative and singularly successful. The diocese was built up and strengthened in many ways under his care. Dr. Rademacher was one of the two American prelates who, in 1889, went on the pilgrimage to Palestine, and was the only one who accompanied the pilgrims through the whole journey.

Rt. Rev. Bishop Joseph Dwenger, bishop of Fort Wayne, died January 22, 1893, and at his funeral services on January 27 Bishop Rademacher preached the sermon.

HIS TRIBUTE.

In the course of his beautiful and touching tribute to the dead bishop Bishop Rademacher said many things that can with equal truth and propriety be repeated today as an estimate of his own lovable life and nature. In part he said: "He was cast by nature in a grand mould. He was a perfect specimen of manhood. His powers of endurance were wonderful. His capacity for hard work was enormous. His strong faith was an index of a mind clear and logical, and his memory was prodigious and his will strong and unbending when he knew it to be directed for the right. His heart was as pure as gold and as noble and generous as the world is wide. His love of country was great. He has an open eye and a tender hand for every need of the diocese over which he ruled. He was an advocate and champion of the education of the children and the perfection of the schools under his charge was his constant aim. Long months of suffering as disease developed brought him closer to the foot of the cross to suffer, as did our dear Lord, the coronation of the bitter crown of thorns. Think often of his example. Keep green his memory."

BISHOP OF FORT WAYNE.

As Bishop Dwenger passed to his reward his mantle was destined to fall upon the shoulders of his friend and fellow-student, and on July 13, 1893, Pope Leo XIII appointed Bishop Rademacher to the diocese of Fort Wayne. His installation at the Cathedral at Fort Wayne on October 4, 1893, was an event which will ever be memorable in the annals of Fort Wayne. The entire population of the city seemed to have turned out to welcome the prelate who had endeared himself to all during his former residence among them. From the moment of Bishop Rademacher's arrival in the midst of a storm of rain on the evening of October 3 to the close of the formal service of installation on October 4, the occasion was one of the greatest interest and among those in attendance were hundreds of men prominent in the work of the Catholic church, as well as a tremendous representation of the laity and citizens generally.

HIS ADMINISTRATION.

Bishop Rademacher's administration of the affairs of the diocese has been most satisfactory, and until he was prostrated by disease little more than one year ago, he gave the work his most assiduous personal attention. Indeed, it may be said that his breaking down was in a very large measure due to overwork and anxiety for the welfare of his diocese. For nearly forty yars Bishop Rademacher was in the active work of the priesthood and the diocese, and not even the smallest details of the work were overlooked.

His was a position which called for the most energetic zeal and practical talent, and he undertook the stupendous work with great devotion. All over the diocese he has made his influence felt in the upbuilding and sustaining of the work of the church of his faith. He has visited every parish, however small, and given it necessary aid. There was no thought of sparing self, and fatigue was not permitted to keep the bishop from lending his helping hand to every good work.

Educational matters received his most cordial support, and every institution of learning under his jurisdiction was Bishop Rademacher's especial care. He lost no opportunity to encourage the young student in all the branches of perfect education.

PRIESTS LOVED HIM.

Bishop Rademacher possessed a character charitable and meek to the largest degree. To the priests he was the personification of kindness, treating them with strict impartiality, and his counsels were more like those of a father than those of a ruler. More than 100 parishes were under his jurisdiction, and in them all Bishop Rademacher felt a deep personal solicitude. Piety and spirituality were deeply and prominently the ruling characteristics of his nature, and many of the advanced clergy of the church selected Bishop Rademacher as their personal spiritual counselor and director. These are the men who feel the deepest personal loss in the death of Bishop Rademacher, for his unerring advice and judgment is freely acknowledged to have been a help and a strength to them in their pastoral labors.

FINELY EDUCATED.

Bishop Rademacher was a man of very fine education, and was remarkably well versed not alone in Biblical, but in secular history, and even in his closing days on earth manifested the liveliest interest in the public affairs of the nation. The poor and distressed had in him an unerring friend, and his unfailing charity and benevolence, always given in the most unostentatious manner, have carried aid and sympathy to thousands of the needy. He was honest, open, frank and free in his manner, and all classes of people and all denominations held Bishop Rademacher in the highest regard. He was pleasant of feature, cordial of manner, and never failed to impress the observer most favorably. His pleasantly modulated voice and lofty eloquence made him a most entertaining speaker, and he was invariably listened to with the most absorbed interest.

MANY IMPROVEMENTS.

Under the direction of Bishop Rademacher many improvements have been made in the temporal as well as the spiritual affairs of the Fort Wayne diocese. But a few years ago the immense Cathedral in this city was elaborately remodeled at a cost of about $75,000. Churches at other points have been improved, many new edifices have been erected for church, school and hospital purposes, and this branch of the work always had the encouragment of Bishop Rademacher. The organization of such sodalities and societies as were approved by the church he heartily recommended, while the hospitals and orphan asylums were given his most tendar care. Bishop Rademacher would neglect no human ailment, be it corporal or spiritual, and under his administration the diocese of Fort Wayne has been largely advanced along these lines.

THE BREAKING DOWN.

More than one year ago it was noticed that the arduous work of the position was undermining the bishop's health, and those closest to him endeavored to induce him to take a brief respite from his labors in the hope of recuperating his diminishing vitality. Bishop Rademacher, however, saw his duty in remaining at the work God had given into his hands, and he remained unflaggingly engrossed in the cares of the bishopric. There came a time, however, when nature could no longer withstand the strain. The strong mentality of the bishop gave way under the nervous tension, and he was compelled to place himself in the care of physicians. This was done, and the bishop was removed to St. Joseph's hospital. Despite the efforts of medical skill, his condition grew worse. It was determined to take him to Chicago, where a change of surroundings might contribute to his restoration to health.

TAKEN TO CHICAGO.

Vicar General Guendling took up the care of the affairs of the diocese, and in February last Bishop Rademacher was taken to Chicago and placed in St. Elizabeth's hospital, under the care of one of the most famous nerve specialists in the west. For a time there was little encouragement in his condition. Then reports grew more favorable, and hopes of his recovery rose high. His clergymen visited him often, and it was believed the bishop would regain his health. Weeks lapsed into months, however, with little improvement that seemed to promise permanence. With the mental decline had come a physical collapse also, but finally, early in the fall there seemed to be more improvement and Bishop Rademacher was brought back to this city. Instead of the stout, rugged man of splendid constitution, his friends beheld a tottering, feeble form, bent with disease, and instead of being cleanly shaven, the bishop's face bore a full beard of snowy whiteness.

LITTLE HOPE LEFT.

It is evident that among the clergy who were familiar with the situation there was little ground for the hope the heart expresed. The whole nature of the loved bishop had been changed by disease. While he greeted the members of his household with much cordiality, and seemed gratified at returning, the bishop preferred to be alone, and rarely left his room, spending much of his time in bed. He realized his own condition thoroughly, and worry over this only the more retarded the hoped for gain. A few weeks later it became evident to Bishop Rademacher that he would not again be able to take up the work of his diocese, and he made an application for the appointment of a coadjutor bishop, under the rules of the Catholic church, who should conduct the affairs of the diocese during Bishop Rademacher's life. This request was forwarded to Most Rev. Archbishop Elder, at Cincinnati, and by him transmitted to Rome. Here the request was approved.

THREE NAMES SELECTED.

But a few weeks ago the consulters and irremovable rectors of the diocese met in this city to perform the melancholy duty of selecting three names for consideration of the vatican authorities as coadjutor bishop. Archbishop Elder presided. While the result of that meeting can never be accurately known to any save those who participated in its deliberations, it is believed the names selected were Rev. Dr. Schoenhoff, of Cincinnati; Rev. Dr. O'Brien, of Kalamazoo, and Very Rev. J. H. Guendling, of this city. A little later the bishops of the arch-diocese of Cincinnati, met at the latter city and made a selection of names for a similar purpose, and these two lists are now doubtless in the hands of the church authorities at Rome for final selection of the coadjutor from among them.

The only immediate relatives of the dead bishop are a brother, William Rademacher, of Milwaukee, who was with him as he died, another brother, Casper Rademacher, of Detroit, and a sister, Mrs. Joseph Bohr, who yet resides at the birthplace of the bishop, Westphalia, Mich.

Patterson's sale will last only sixteen days, but they will be sixteen great bargain days.

LOCAL LINES.

Mrs. Frank E. Stouder was hostess for an informal company Wednesday afternoon in compliment to Mrs. Leroy Plummer, who leaves the city soon.

Mayor Z. T. Dungan, J. Fred France, city attorney; William Dimond, councilmen; H. H. Waggoner and George J. Bippus, of Huntington, were in Fort Wayne on business yesterday.

In the billiard tournament last night Prof. Rienzi Thomas won from Dr. J. W. Thompson by a score of 140 to 43 in forty-five innings. The game tonight will probably be between Fred E. Crall and Tom Dascomb. Professor Thomas is now in the lead, having won two games.

Captain and Mrs. A. E. Simons will close a two weeks' successful meeting at St. Paul M. E. church Sunday night, January 14, and will begin holding meetings at the hall, No. 203 Calhoun street Monday evening. Captain and Mrs. Simons are prepared to respond to calls from any church, as they work with all churches.

Notwithstanding the inclement weather there was a good audience in attendance upon the Westminster concert Thursday evening and those present were well repaid for attending. Each participant did well and it would be unjust to compliment one more than another. The Social Circle is to be congratulated on the high class of the entertainments they are giving to the public this season.

Patterson's sale will last only sixteen days, but they will be sixteen great bargain days.

Thirty thousand fruit trees, comprising the entire orchards of D. C. and G. M. Bacon, in Mitchell county, Ga., will be burned by order of State Entomologist Scott, owing to the ravages of the San Jose scale.

DEATHS AND FUNERALS.

HEINLEN.

William Heinlen died Thursday evening at his home on West Butler street, after an extended illness from Bright's disease. The end came closely following the death of Mrs. Heinlen, which occurred little more than one week ago. Mr. Heinlen was a resident of Fort Wayne for many years, coming to the city about 1850, and for thirty-eight years was employed as a machinist in the Wabash shops. Surviving him are the following children: Mrs. Frank Hough, of Adrian, Mich.; Mrs. Henry Zur Muhlen, of this city; Frank Heinlen, of Garrett, and Arthur Heinlen, of Wabash. The remains of Mrs. Heinlen are in the receiving vault, and will be deposited in the grave with those of her husband.

MILLARD.

Mr. and Mrs. Robert Millard have gone to Adrian, Mich., in response to a telegram announcing the death of Mr. Millard's father, the venerable A. L. Millard, one of the oldest lawyers in Michigan. Mr. Millard was 86 years of age, and visited his son in this city on Thanksgiving, at which time his health showed signs of failing.

RICHARDS.

Miss Ada Richard, daughter of William Richard, of Jefferson township, died Wednesday morning from typhoid fever. She was sixteen years of age, and a very popular and estimable young lady.

The funeral services will be held Saturday morning from the M. P. church at New Haven.

BURNWORTH.

Emory Burnworth, the little son of Mr. and Mrs. William Burnworth, died at an early hour this morning at the family home, 231 Harmer street, from membraneous croup, at the age of 3 years.

The remains were shipped to Columbia City this afternoon for interment.

SCHMIDT.

Mrs. Susan Schmidt died at 2 o'clock this morning at St. Joseph hospital, where she had been receiving treatment for tuberculosis. Mrs. Schmidt was the wife of John P. Schmidt, and her age was thirty-two years. They had resided at 44 John street. The husband and one child, aged sixteen months, survives. Mrs. Schmidt was a member of the Rosary sodality of St. Peter's Catholic church.

The funeral services will be held from St. Peter's church Monday morning at 9 o'clock.

FUNERAL ANNOUNCEMENTS.

Gaskill.—Funeral services of Leonard A. Gaskill will be held Sunday afternoon at 2 o'clock from the residence, 23 Lillie street.

Crance.—The funeral of the late William Crance will be held from the residence of his daughter, Mrs. Geo. Poyser, of 77 Wall street, on Saturday afternoon, at 2 o'clock.

Love.—The funeral of the late Mrs. Catherine Love will be held from the residence, 221 Force street, at 1 o'clock on Sunday afternoon, and at 2 o'clock from the Grace Reformed church.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Children's waists discounted 33 1-3 per cent.
REUBEN S. PATTERSON.

Mrs. Bettie Lewis, who was the guest of Fort Wayne friends, returned to her home in Huntington Thursday.

Children's waists discounted 33 1-3 per cent.
REUBEN S. PATTERSON.

NOTES OF THE DAY.

Between the two lower falls of the Nile rain has never been experienced.

As a rule, tears do not accompany a baby's cries until it is three months old.

It is a curious fact that a negro has never been known to tame an elephant or any wild animal.

A large cotton mill is being erected in Mexico at Atotonilco on the line of the Inter-Oceanic railroad.

The 1899 production of beet-sugar in Minnesota was 4,340,166 pounds, on which the state paid a bounty of $20,000.

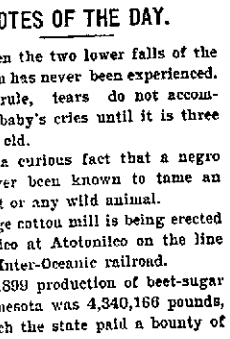
Bielfeld, in Westphalia, has a special institution for epileptics, founded in 1866, which now has about 1,500 patients.

The czar is an accomplished whistler, and sometimes performs variations on national airs for the entertainment of his intimate friends.

Some fastidious women have nightcaps made of white wash lace with a circular sachet pad fastened on the crown. The caps are coquettish and pretty, the lace mesh allows free access of air and the sachet imparts a faint but distinct fragrance to the hair.

In the provinces of Cannes and Nice, France, there is a large industry in the cultivation of carnations. The French papers report that a destructive malady has attacked the carnations there, and that whole fields have been destroyed and the industry wrecked.

Notwithstanding Russia's enormous expenditures for the construction of the Trans-Siberian railway and for increasing the strength of her army and navy, her revenues during the past twelve years have exceeded her disbursements by 700,000,000 rbules.



Is what every purchaser of the STANDARD ROTARY SHUTTLE SEWING MACHINE gets a perfect lock stitch, and a perfect Chain stitch, at the price of one Machine. THE STANDARD GRAND DROP HEAD MACHINE combines more good points than all other drop head machines on the market.

PATTERSON'S SALE

WILL BEGIN TOMORROW MORNING AND CLOSE WEDNESDAY, JAN. 31st.

SIXTEEN BARGAIN DAYS.

You know our motto "New Goods, New Styles Each Season." MERCHANDISE has advanced in price from 20 to 40 per cent. Yet we are determined to give our trade nothing but the newest goods and latest styles each season, and so for the next sixteen days we will give a discount from the old prices, which will mean MERCHANDISE WAY BELOW its present wholesale value.

We close our store February 1st for inventory, and until then we will give the people of Fort Wayne and vicinity greater bargains than they will be able to secure for at least two years. All Men's Colored Shirts (to match white collars) will be discounted 33 1-3 per cent. Our $1.50 Shirts go at $1.00. $1.00 Shirts go at 66c. 50c Shirts go at 33c.

All Stiff Hats (Knox excepted) will be discounted 33 1-3 per cent. Boys' Flannel and Cotton Waists discounted 33 1-3 per cent. All Heavy-weight Underwear discounted 10 per cent. The Heavy-weight Clothing that we have left is all new, nobby and up-to-date, and is worth today at wholesale what we are selling it for at retail. Yet rather than carry one garment over, we will discount every Man's, Boys' and Child's Heavy-weight Suit, Overcoat or Odd Pants 10 per cent. until FEBRUARY 1st.

LOCAL NEWS.

J. H. Bass returned last evening from Chicago.

Mrs. F. J. Kanaga and daughter are at home from a visit at Butler.

Mrs. Ed. M. Wilson has returned from a visit with relatives in Wabash.

Mrs. F. I. Brown was hostess for a very pretty thimble party this afternoon.

Dr. W. H. Myers was called to Muncie in consultation Thursday afternoon.

Mrs. C. M. Thayer and daughters left Thursday for Boston, where they will reside.

Harry H. Walter has resumed his old position as traveling salesman for A. H. Perfect & Co.

Dr. Christ Browand, of Garrett, who is well known in this city, is suffering from appendicitis.

Mrs. G. W. Parry will leave soon for a visit at Peoria, Ill. Mrs. Parry has recovered from her recent illness.

Mrs. W. H. Shambaugh and Mrs. Ernest Lloyd entertained a pleasant company of friends at cards this afternoon.

Miss Emma Kendall, who has been the guest of Mr. and Mrs. J. M. Henry, left this morning for her home at Wabash.

The Railroad Y. M. C. A. committee of management will hold a meeting next Monday evening.

Fred J. Bechtold, formerly a salesman for F. P. Wilt & Co., is confined to his home on Creighton avenue by an attack of tonsilitis.

At the home of Mr. and Mrs. Alex Wilson today the ladies of the Utile Dulci club served dinner to the gentlemen of the organization.

Fort Wayne encampment, No. 152, I. O. O. F., will install officers this evening, and the members of Canton 17, P. M., will be present in full uniform.

Mrs. A. J. Ford is in Plymouth to attend the funeral of her only brother, George Anderson, who died Thursday. He was formerly an engineer on the Pennsylvania.

Miss Alice Ward entertained the Sewing club Thurday afternoon. The out-of-town guests were Miss Katherine Buehler, of Evanston, and Miss Bertha Landis, of Philadelphia.

William DeVere, one of the members of the show company which appeared at the Temple last evening, was the guest of the local lodge of Elks at the close of the performance.

Miss Laura Edith Davis, formerly of this city, was united in marriage to Robert James Coltier, at Wichita, Kan., January 10th. The bride is a daughter of Mr. and Mrs. Horace S. Davis.

C. C. Powell and Edwin C. Smith, two of the best known colored musical people of this city, have just published "The Casket in the Clay," a musical composition that promises to prove very popular.

The Thursday evening Pedro club was entertained very charmingly last evening by Mr. and Mrs. L. A. Centlivre. Mrs. P. J. McDonald and John Mohr won the first prizes, while the consolation awards went to Mr. and Mrs. Byron Hattersley, Mrs. J. B. Reuss and Mrs. W. H. Dreier.

The Y. P. C. U. of Calvary U. B. church elected the following officers on Tuesday evening: W. H. Woodruff, president; John Wooley, vice president; Bertha Shell, secretary; Miss Winnie Hicks, treasurer; Mrs. John Vandewater, chorist, and Mrs. John Wooley, organist.

The revival meetings continue each evening at the Bethany Evangelical church, with good results. These meetings will be continued each night during the coming week. During the past week, the Church Aid society and the Ladies' Aid society have raised $50 to pay off the church debt. The total debt is now but $375.

The revival meetings at the Berry street M. E. church continue with interest unabated. Last night the attendance was quite large and the services inspiring, and Rev. Peters preached a soul-inspiring sermon, in which he vividly pictured the two ways—the way of righteousness and the way that leads to death. This will be Rev. Peters' last night and splendid results are anticipated. Song services will begin promptly at 7:30.

The theme for prayer and discussion this evening at Plymouth church will be "Families, Schools and Sunday Schools." The superintendent, Mr. Mossman, will speak upon "Some Improvements Needed in the Sunday School." Other topics will be "Home Training," "The Teacher's Qualifications," "The Teacher Outside the School." This is the last meeting of the week. All the Sunday school teachers are requested to be present.

Mr. and Mrs. Benjamin Rothschild, Charles Nathan and Mrs. Redelsheimer, of this city, were guests at the marriage of Miss Daisy Levy, daughter of Mr. and Mrs. Leopold Levy, to Joseph Livingston, of South Bend. The event was solemnized at Indianapolis Wednesday evening and was one of the most brilliant weddings ever celebrated at the capital city. The bride is a daughter of the treasurer of state and Mrs. Redelsheimer, of this city, is her grandmother.

The Morning Musical held a meeting at Kimball hall this morning.

Born, to Mr. and Mrs. W. H. Sherbondy, of 22 Savilla avenue, a daughter.

Mr. Curtis, an aged veteran, sustained painful injuries by a fall on the icy pavement Thursday evening.

Georgia, the little daughter of Mr. and Mrs. G. B. Saylor, of 17 Lincoln avenue, has been quite seriously ill.

The Ladies' Catholic Benevolent legion will install officers this evening at its hall on South Calhoun street.

Dr. J. A. Lomas will return this week from the eastern part of the county and resume his practice in this city.

The venerable Mrs. R. D. Cothrell celebrated her seventy-ninth birthday anniversary on Thursday. Her children, grandchildren and a number of close friends were present.

The St. Joe Athletic club will give an entertainment at its house on the banks of the river this evening. Admission is by card, and an attractive program of athletic events has been prepared.

A reckless driver collided with the carriage of Dr. A. J. Kesler, which was hitched at the corner of Wallace and Lafayette streets, on Thursday afternoon, badly wrecking the doctor's vehicle.

The ladies' auxiliary to the Letter Carriers' association has decided to present a comedy, "Because She Loved Him So," at the Temple on the evening of March 1. The entertainment will be given for the benefit of the letter carriers' convention, to be held here this year.

THE OFFICIAL VOTE.

The official canvass of votes cast last Wednesday in Lawrence township, Marion county, for and against the granting of a subsidy of $35,000 to the Indianapolis and Fort Wayne Railroad company was made at the Indianapolis court house Thursday. A total of 588 votes were cast in the three precincts of the township, seventy of which were for the subsidy and 518 against the grant.

ABOUT CATARRH CURES.

The Reason Why Inhalers and Local Applications are Useless.

For many years catarrh was considered to be a local disease and was treated entirely by local remedies, salves, ointments, powders, sprays and inhalers, and nearly all of these gave a temporary relief, but a genuine, permanent cure was very rare.

It is true the most annoying symptoms, like stoppage of the nose and throat trouble, are purely local, but they are simply symptoms and the real seat of disease is far removed.

Catarrh is a constitutional disease, a blood disorder, complicated usually with disease of the liver, and to suppose that local applications of sprays, powders, inhalers could ever reach the real cause of the trouble is ridiculous.

The sensible and successful treatment is to remove the catarrhal poison from the system by regulating the liver and purifying the blood, and this can only be done by an internal remedy, which should consist of antiseptics and remedies to act vigorously on the blood and liver.

The best preparation of this kind which fills all the requirements of a safe constitiutional treatment is Stuart's Catarrh Tablets, composed of Sanguinaria, Eucalyptol, Guaicol and similar wholesome antiseptics, which are absolutely safe to take into the stomach and which act upon the liver, stomach and mucous membrane.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges, to be slowly dissolved in the mouth, thus reaching the mucous membrane and windpipe and finally reaching the stomach.

Dr. Edmondson, in speaking of the new treatment for catarrh, says: "I have acomplished the most satisfactory results in all forms of catarrh of the head, throat, bronchial tubes, as well as catarrh of the stomach and liver by using nothing else but Stuart's Catarrh Tablets. I long since threw aside sprays and inhalers as being inconvenient and at the best mere temporary make-shifts.

"Stuart's Catarrh Tablets act immediately upon the liver and blood and clear the whole system of catarrhal poison. They are pleasant and very convenient to use and they are not only the latest, but I believe them to be the best and certainly the safest treatment for any form of catarrh."

All druggists sell Stuart's Catarrh Tablets at 50 cents for full-sized packages.

A little book on cause and cure of Catarrh mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

This is the way they go for the next sixteen days: $1.50 colored shirts (for white collar) go at $1.00; $1.00 shirts go at 66c; 50c shirts go at 33c.

THE DENTAL COTERIE.

At the annual meeting of the Isaac Knapp Dental coterie on Thursday evening, Miss Nellie French presented a paper, and routine business was transacted. The election of officers resulted: Miss Nellie B. French, president; J. M. Rosenthal, secretary; R. S. Viberg, treasurer.

COURT NEWS.

The issues in the Nestel will case have all been fixed and at noon today a jury had been selected, composed of the following gentlemen: John Bokneght, Calvin Lipes, Chas. Safford, Conrad Thiele, George W. Koehlinger, Reuben Diederick, Jerry Heffilfinger, Ben Weisenberger, Joseph Volkert, Jacob Bastian, Wallace Deatsman and A. H. Rosser. It is believed the trial will occupy two weeks or more.

The following cases have been set for trial by Judge O'Rourke: Rudolph Lupkin, guardian, vs. M. V. B. Spencer, February 8; Catherine Carroll, executrix, vs. the Wabash railway, March 26, jury.

Frank Kreitzer commences proceedings against Edward C. Pelz et al. on a petition to sell real estate. E. V. Emrick and F. A. Emrick are plaintiff's attorneys.

Squire France fined Abel Pequinot $1 and costs for provoking Anna Schaefenaker.

FIGHTING INDEPENDENTS.

Portland, Ind., Jan. 12.—Hon. Hugh Dougherty, of Bluffton, president of the United Telephone company and one of the hardest fighters in the country for the independent telephone lines, was in the city last evening. Speaking of his experiences, he said that five years ago the people generally believed that the Bell Telephone company's patents had expired, but the Bell now claims that the patents have been renewed, a statement which the independent people dispute. Since that time Mr. Dougherty's company has built exchanges at Bluffton, Portland and Huntington, and then began constructing toll lines, these having the effect to reduce rates one-third to one-half in this vicinity. This impelled the Bell people to attempt to disturb the lines of the United Telephone company. The Bell company had an exchange here years ago, but the royalty was so high that it had to be discontinued, and Portland was without service until the United company put in an exchange.

"Our experience has been," said Mr. Dougherty, "where the independent companies have been run out, that the Bell people have then raised the price. At South Bend the rates of the independent company were $15 per annum for residence instruments and $27 for business houses. The Bell company put in free telephones until the Citizens' company sold out, and the price now is $48 and $54. At Frankfort the Bell company placed the rates at 40 cents and 80 cents until the independent company was cleaned out, then made the rate $1.50 and $2.25. The independent people are now fighting, and if the citizens of Portland aid the Bell people at this particular time it may result in giving them the entire field. There are now 146 independent exchanges in Indiana, and these will all be connected within the next thirty days; while the Bell company has less than fifty exchanges."

All men's and boys' heavy-weight suits and overcoats will be discounted 10 per cent. during our sale.

REUBEN S. PATERSON.

C. C. Powel, the well-known song writer of this city, has composed the words of and published a new song entitled "The Casket in the Clay." The music of the song was composed by Edwin C. Smith, of this city. The song will be the hit of the season.

Roller Skating at Princess Rink Saturday evening. 12t2

Prof. and Mrs. A. P. Whitney's third class for beginners will begin next Tuesday, January 16.

All men's and boys' heavy-weight suits and overcoats will be discounted 10 per cent. during our sale.

REUBEN S. PATERSON.

CARD OF THANKS.

We wish in this manner to gratefully thank our friends and neighbors for their many acts of love and kindness to us during our affliction in the loss of my daughter, Stella M. Miller.

MRS. ROB'T JOHN,

If You are a Buyer

—OF—

CLOTHING

Let us reason together. We have a store in which to do business. We advertise to get business, and we give honest values to keep business. We have been here for about fifteen years and we expect to be right here for twenty years to come. How are we going to do it? We have got to depend on you—we have got to please you. We plan by day and dream by night to do this. When we have thoroughly satisfied you then we have made a friend, and you know that friends count. Our customers leave the store only to return again and again. Last season's customers are with us this season and we are going to serve them and serve you so that you will all be with us next season and each succeeding season.

You know that we will not be undersold—never have been and never will be. We don't advertise $22 goods for $12. Some do, and what do they give you? Not $22 goods, but goods that do not compare with what we sell all the time at $8 and $10. Those who indulge in such practices must be knaves or take the public for fools. But they can't fool the people all the time and the stores that are run on these lines are built on sand and sooner or later will be swept away by the tidal wave of common sense. Such inflated advertisements belittle all honest announcements in the press, for people are prone to visit the sins of such houses on all others and say: "You can't believe a word in these advertisements."

If you see it in our ad,
It's So

Lehman's
34 & 36 CALHOUN ST.

The People's Clothiers.

Errors probably could stand it if Lord Methuen had lost only his mind. It's the men he has lost that causes so much grief.

The announcement that Senator Goebel is to be married to the daughter of Senator Joe Blackburn when the governorship is settled, may go somewhat to explain why it isn't settled; also, why it ought to be at once.

There ought to be no great difficulty encountered in properly disposing of the reciprocity treaty between France and this country. The French are opposed to it, and so is the senate of the United States. In view of this something ought to be heard to drop before a great while.

The suggestion by Professor Hadley, of Yale, that trusts may be cured and suppressed by the social ostracism of the trust promoters, will hardly do. The promoters are sufficiently numerous to form a society of their own, which, so far as money goes, would be "good society," and the members of which would represent every known interest. It would be a society, too, which the outsiders would struggle as hard as ever to enter.

Some posters recently put out in Paris to advertise a patent pill have been torn down over night as fast as they were posted because they represent President Kruger giving one of the pills to Queen Victoria. When the advertisers set a watch to catch the vandals they discovered that he was not some English sympathizer, as had been imagined, but a brigadier of police. The policeman was arrested, but the authorities released him.

The means of transporting troops in South Africa by rail are not very convenient, yet there has been a wonderful increase in railroad building. The report of Consul Skinner, of Marseilles, shows that the French have 2,637 miles built in Algeria, Tunis and Senegal, and are projecting a line over 1,000 miles long across the desert of Sahara, from Algiers to Zindker, near Lake Tchad. The English have recently built some 450 miles in the Soudan, 4,350 miles in South Africa, thirty-five miles in British Guiana, forty-two miles in the Gold Coast, forty-three miles in Lagos, and 300 miles of the Uganda railway. The Uganda railway is being extended 250 miles farther, and the railways in Lagos, Gold Coast, and Rhodesia are all being pushed rapidly toward the heart of the continent, to say nothing of the Cape-to-Cairo project. Germany has built seventy-two miles in West Africa, and Belgium 249 miles in the Congo country. The total of completed lines largely exceeds 8,000 miles. The report mentions 4,020 miles in addition as under construction or "definitely projected." The wonderful thing about it is that the geographies studied by the children half a century ago had nearly all Africa designated as "unexplored."

Postmaster-General Smith has very properly given official notice that railway postal clerks will not be permitted to devote their time to importuning senators and representatives to pass a bill reclassifying the service and increasing their salaries, but the postmaster-general and public sentiment generally, is so heartily in favor of the bill presented by Representative Tawney, that it is likely to be passed. The railway postal service system has become a very important feature of that department, and it is the one in which the highest standard of civil service is desired not only by the government and the public, but by the postal clerks themselves. Their duties deprive them very largely of domestic life, and the dangers incident to railway travel clearly call for generous salaries. Their pay was reduced under the Hayes administration because of an inadequate appropriation, and although the postal service has increased immensely since then they have not received any increased pay. It is only just to a class of public servants who are certainly rendering most faithful service to the government, that the classification and increase of pay presented in the Tawney bill should be promptly enacted by congress.

THE CITY SHIVERS

FORT WAYNE WITHOUT FUEL FOR A DAY.

NATURAL GAS IS CUT OFF

CAUSED BY A BREAK IN THE MAIN PIPE.

GREAT THE INCONVENIENCE

MAKESHIFT FIRES ALL OVER THE CITY.

"Hello, did you have any breakfast?" was an almost universal salutation as friends met in the street cars, on the streets and in their places of business and employment this morning.

When residents of the city arose from their beds they found the gas fires in their stoves had gone out and those who were not protected by having wood or coal were uncomfortable with cold for a few hours.

The fires went out a few moments before 3 o'clock this morning and in less than half an hour it was known that there had been a break in the mains about one mile west of Ossinn. At 7:10 President Paul and a gang of men went to Ossian and examined the break. It was in the twelve-inch main and the ground for several feet had been blown into the air and there was an immense hole where the explosion occurred and gas was flowing in torrents into the air. The pipe was lap-welded and undoubtedly there was a flaw in it, as it lay curled up down in the ground.

President Paul returned to the city before noon and at 1:30 sent a special train to the scene over the Lake Erie and Western with tools and pipe. He was seen at his office by a Sentinel reporter and stated that the consumers did not regret the accident more than the company. "You can say," said Mr. Paul, "that the gas will be turned on at 4 o'clock this afternoon and people can cook their evening meals with a gas fire."

The failure of the gas supply was a great inconvenience to hotels, restaurants and big business establishments, which depended on the gas for heat. Hundreds of families had a late breakfast and members of many families were compelled to go to their labors with nothing to eat at all.

Mr. Paul said that this was the third break in the lines in ten years and congratulated himself that the weather was no colder than it was. While most people were greatly inconvenienced there was no acute suffering on account of the cold.

PYTHIAN DISTRICT MEETING.

Programs have been issued for the meeting of the Knights of Pythias of the Fifth district, to be held at Columbia City next Thursday. The Fifth district comprises the counties of Allen, Huntington, Kosciusko and Whitley, and the attendance will be large. E. V. Emrick, of this city, is on the program for a five-minute address, and the lodges from Fort Wayne will exemplify the degree work for their brethren. Phoenix lodge, No. 101, will give the second rank in the afternoon meeting, and the third rank will be conferred by Fort Wayne lodge, No. 116, in the evening.

RUSSIA GETTING AGGRESSIVE.

Vancouver, B. C., Jan. 12.—The digest of opinions of the principal Chinese-Japanese papers as received by the steamer Empress of Japan, thirteen days from Yokohama, indicate that Russia is unmistakably revealing its intentions in the far east. The China Gazette says that, taking advantage of England's pressing engagements in South Africa, the Russian government, though its consul at Hankow, has revived its claim to the Jardine-Matheson land, making a demand for the property in the most preemptory fashion. The Russian consul claims that the question of the disputed ownership of the land has been absolutely decided in favor of his government, and he has announced his intention to take forcible possession of the property without further negotiations. His actions are said to have been extremely high-handed. Relations between the British and Russian residents are strained to the breaking point.

FRANK STANTON ATTACKED.

Atlanta, Ga., Jan. 12.—Frank L. Stanton, the well known southern poet, was the victim of either the rage or admiration of a very muscular crank. Stanton was seated in his office in the Constitution building, when a knock came at the door. A stranger entered, and upon finding that Mr. Stanton was the person to whom he addressed himself, threw his arms around the poet's neck and commenced to tug furiously at his hair. Mr. Stanton, much excited, shook the stranger vigorously and demanded his business. The only reply was a renewed attack upon on the poet's hair, until at length Stanton was rescued by Joel Chandler Harris (Uncle Remus) and the crank departed on the elevator. His identity and the purpose of his visit is a mystery. His attack did not disconcert Mr. Stanton, who completed his day's work as usual.

WED ON A MINUTE'S NOTICE.

New Orleans, Jan. 12.—Rosedale, Miss., a little town up the line of the Yazoo an Mississippi Valley railroad, north of this city, has been enjoying a round of marriages the past month, each one striving, seemingly, to outdo the other in peculiar features. Yesterday witnessed the winning match, when W. A. Stone, chancery clerk for Bolivar county, was married to Mrs. W. A. Martin. At 10 o'clock in the forenoon Mr. Stone called up Mrs. Martin over the telephone and asked her if she would marry him in time to catch the 11 o'clock northbound train over the Valley road. A clear ringing "Yes" came back over the 'phone and Rev. J. E. Cunningham tied the nuptial knot. So sudden was the affair that the immediate family, not being aware, hardly had time to be present. The couple left at 11 o'clock for Louisville and Chicago. Mrs. Martin was the divorced wife of Cashier W. A. Martin, of the Bank of Rosedale, who recently became entangled in financial troubles with that institution.

CITY OWNERSHIP A SUCCESS.

Marion, Ind., Jan. 12.—Gas City owns her own light plant, both for municipal and commercial lighting. Last March there were 380 lights in use. Today there are 539 lights from which revenue is drawn. It costs $356 a month to operate the water and electric light plants, and collections average $305.56. It has been recommended to the Gas City council that a 300,000-gallon reservoir for water be put in at once. This is demanded for fire protection. The Gas City council is asked to take gas through meters, but declines to tie up to that proposition without investigating it. The experience of the Marion council, which is paying for gas at the rate of $10,000 a year, where formerly the bill was $1,200, is sufficient.

BAKERS' WAR AT LOGANSPORT.

Logansport, Ind., Jan. 12.—For the past few weeks the poorer classes have been benefited by a war on bread, dealers in the city having reduced the price to thirteen loaves for twenty-five cents. The war was precipitated, by the bakers forming a trust to regulate the size of loaves to be sold and fixing a new price for retailers. As a consequence carloads of bread were shipped in from Wabash, Fort Wayne, Lafayette and other cities, which so demoralized the trade of Logansport bakers that they took immediate action to dissolve the trust. The market has about resumed its normal condition, and the bakers are selling their product at 5 cents per loaf.

INDIANA BANK ROBBED.

Princeton, Ind., Jan. 12.—The McGinnis bank in Owensville was entered last night and the safe blown open, the explosion completely wrecking the building. It is reported that about $15,000 was taken, but the bank officials refuse to give any information. The burglars escaped on a hand car.

DAMAGED BY FIRE.

Colorado Springs, Col., Jan. 12.—The business portion of the city was threatened by a fire which broke out early today in the May Clothing store. Aided by a high wind, the flames spread rapidly, but were controlled after three buildings had been destroyed. The total loss is estimated at $150,000. The heaviest losers were the May Clothing company, Nichols Grocery company, and the Wait Shoe company.

Carleton Baker and Fred Rietdorf, who have been spending a furlough with friends in the city, have returned to their command, battery H, First United States light artillery, at Fort Morgan, near Mobile, Ala.

TO BUILD SEWER.

THE BOARD OF WORKS TAKES DECISIVE ACTION.

INTERCEPTOR A CERTAINTY

RESOLUTION PASSED AFTER DISCUSSION.

INJUNCTION IS THREATENED

RESOLUTION FOR SOUTH WAYNE SEWER PASSED.

Unless the courts determine otherwise Fort Wayne will have a complete sanitary sewer system within the next two or three years. The board of works met last evening to consider the resolution providing for the construction of the South Wayne sewer and the intercepting sewer. Many prominent citizens were present and no objection was offered to the construction of the South Wayne sewer, the resolution for the same passing without discussion.

There was objection, however, to the intercepting sewer. Charles McCulloch presented a remonstrance signed by 110 property owners and talked against the big sewer, contending that it would not be a success, as the fall was not sufficient, and it would be far better to dredge the St. Marys river and carry the sewage off in this stream. Mr. Alderman also offered objection to the method of assessment, but did not declare himself as opposed to the construction of the sewer. He threatened injunction proceedings if the board of works made an assessment. Mr. Alderman believes that a levy should be made.

Assistant Engineer Goss was called on and he said the sewer was practical and fensible. He took up Mr. McCulloch's objection as to the inadequacy of the sewer and the want of fall, and declared that, from computations based upon the flow in the present sewers, the maximum volume of water used each day, and the per capita production of sewage, the sewer, built according to the proposed plans would be ample for a city of 250,000 inhabitants. As to the alleged insufficiency of the fall, Mr. Goss said the fall was two feet to the mile, or nearly six feet from the source of the sewer to its outlet. He said that a velocity of 1.90 feet per second was sufficient to keep a sewer clean, and that under the plans proposed the sewage would have a velocity of 2.30 feet in the big drain. Besides, the fall from the other sewers into the interceptor would be sufficient to give an additional momentum, as the interceptor would be considerably below the levels of the deepest sewers in the city.

Hon. J. M. Barrett, C. H. Worden, J. F. W. Meyer and G. E. Bursley supported the resolution, contending that it was the only certain way to protect the health of the city. Mr. Barrett said it was far better to protect the life of the humblest little one than to save all the dollars ever accumulated. He said also that Mr. Alderman was wrong in advocating a levy, as the law would not permit it. The money must be raised by assessment. The board finally voted to confirm the resolution and reconsideration alone will prevent the construction of the interceptor.

METHOD OF ASSESSMENT.

Members of the city administration this morning asserted positively that there was no doubt now that the intercepting sewer would be constructed. If a satisfactory assessment can be made they do not anticipate opposition. City Attorney Shambaugh says that the board of works has authority to divide the city into districts and assess benefits in each district. The greatest assessment, he contends, would fall on those whose sewage would be carried the farthest. For instance, it would be unfair to compel the property owner who used the Tenth ward sewer to pay as much as the one who used the South Wayne or the Griffith street sewer, inasmuch as the Tenth ward person would not have his sewage carried as far as the others. The sewer will be built for sanitary purposes and the person who used the Tenth ward sewer would have to carry sewage about 2,000 feet, while the west ender would have sewage carried two miles or more. It is probable that the city will be divided into two or three districts, and thus avoid trouble in the courts. Mr. Alderman has stated that if the sewer assessment is made strictly according to benefits and damages he will not try to enjoin. A member of the board of works said this morning that the sewer would be completed within a year. It is estimated that the interceptor and the South Wayne sewers will cost about $250,000.

REMONSTRANCES.

Three remonstrances were received against granting franchises to the Indiana and Ohio Traction company on certain streets. One, with thirty-eight signatures, was from property owners on Jefferson street, from Harrison to Fairfield avenue, and the other two, one with twelve and the other with forty-six names, were from Fairfield avenue people. The application for a franchise was not presented by the company and the remonstrances were filed for future reference.

REVIEWS ITS WORK

COMMERCIAL CLUB HOLDS ITS SEMI-ANNUAL MEETING.

OFFICERS PRESENT REPORTS

SHOW A FLOURISHING CONDITION OF AFFAIRS.

CLUB IS DOING MUCH GOOD

DELEGATES ARE CHOSEN TO A STATE MEETING.

The meeting of the Fort Wayne Commercial club on Thursday evening marked the completion of the first six months' work of that organization, and the members listened to a review of the work thus far undertaken by the club. The reports of the secretary and treasurer were presented and approved, and they show the organization to be in a flourishing condition.

President Foster made a verbal report of the work of the depot committee, which has had a consultation with Superintendent McKim, of the Pennsylvania company, as already detailed in The Sentinel. Mr. McKim stated that the officials of his company were favorable to the plan for union depots if the other railroad companies would co-operate with the Pennsylvania in the matter. The matter now awaits action on the part of the other railroads, which are now in correspondence upon this subject. The Commercial club officers are inclined to take a very hopeful view of the indications.

The report of the secretary, John B. Monning, gave in detail a history of the formation of the Commercial club and the work it has attempted during the first six months of its history. It cited the fact that a meeting was held at the city hall June 20, 1899, in response to a petition signed by sixty-three business men of Fort Wayne. The committee on organization reported articles of incorporation, with a board of twenty directors. The first meeting of the directors was held July 7 at the Tri-State building, and officers were elected. July 13 by-laws were adopted, and on August 11 permanent quarters were leased in the Odd Fellows' building, at Wayne and Calhoun streets, at $35 per month. The rooms were fitted up by September 1. The first stockholders' meeting was held there October 12, addressed by Hon. William Fortune, of Indianapolis. Then standing committees were appointed, and meetings have been held regularly since that date.

SOME OF THE WORK.

The Commercial club, through its directors and committees, has been actively engaged in work which promised to be of benefit to the city. It endeavored to secure the location here of the headquarters of the Brotherhood of Railroad Trainmen and the Catholic Knights of America. It is endeavoring to secure a reduced rate morning and evening on the street cars of Fort Wayne; it is endeavoring to secure better depot facilities for Fort Wayne, besides taking up numerous propositions looking toward the establishment of new factories and building up those already here. Much of this work is yet under way. During the six months the club lost one member by death—Capt. C. F. Hettler. There were 229 certificates issued, of which 212 have been paid. The interest shown in the club is good, but Mr. Monning pleaded for a still greater co-operation of the citizens of Fort Wayne to assist in enlarging its usefulness.

TREASURER'S REPORT.

The report of Treasurer J. D. Bond was submitted and approved. It is as follows:

Receipts.

Received for stock certificates	$1,065 00
Rent for room	5 00
Monthly dues	550 00
Total	$1,620 00

Disbursements.

Paid for rent	140 00
Paid for secretary's salary	250 00
Paid for printing and stationery	93 16
Paid for typewriter and letter press	72 50
Paid for fuel and light	23 01
Paid for telephone	2 75
Paid for painting signs	14 50
Various other items	90 38
Balance	601 07
Total	$1,620 00

OTHER BUSINESS.

By an amendment to the by-laws the regular meetings of the board of directors will hereafter be held on the fourth Thursday of each month, instead of the second Thursday.

The secretary of the state board of commerce acknowledged receipt of $10 admission fee of the Commercial club into the state organization, and invited the club to send three delegates to a meeting of the state board at Indianapolis February 6. President S. M. Foster, Alexander Johnson and Charles R. Lane were named as delegates. Mr. Johnson and perhaps the other gentlemen will deliver an address upon that occasion.

A STRANGE SERMON.

Dr. Wallace Tharp, pastor of the Christian church at Crawfordsville, Ind., preached a sermon Sunday evening before an immense audience that has created a profound sensation. He chose as his theme "Spiritualism," and took as his text Deut. xviii, 10-11: "There shall not be found among you any one that maketh his son or his daughter to pas through the fire, or that useth divination, or an observer of times, or an consulter with familiar spirits, or a wizard, or necromancer." He stated in his opening remarks that if these things did not exist and had not existed God would never have given this law against them. He said that he believed in Spiritualism and the conversing with spirits to a certain extent, but that only about one in ten of the so-called spirit talks were genuine. He gave experiences from his own life, one of them being a visit from a spirit about ten years ago, at the time that a bosom friend had turned against him and had maligned him; and the other exactly six months later. The first visit was in the form of a heavy knocking on the head-board of his bed just after he had retired for the night, and the second occurred at the same time of night, and the spirit rushed through his room with a mighty swish, and disappeared through the window. After the appearance of the second spirit his trouble ceased, and he had been free from any manifestations ever since. He related how spirits had visited the bedroom of his brother and pulled the bed-clothes off the bed, and also how his sister-in-law had been visited by spirits that caused her shoes to move about the room after she had taken them off. He said that he would vouch for these manifestations with his life and with the hope of meeting his Maker. All visiting spirits are bad, Dr. Tharp stated, and are the cunning emissaries of the devil—his most faithful and adroit servants—and that no good, therefore, could come from talking with them. All good spirits go straight to heaven and no manifestation is ever received from them. He stated in closing his address that he thought he was not a fool, and that he knew he was not a liar. Dr. Tharp came here from Augusta, Ga., about a year ago, and recently preached a sermon in which he predicted that the world would come to an end in 1915. He is a ripe Bible scholar, a florid and brilliant orator, and is very popular with his congregation and the people of the city. He is a man of striking personality, splendid physique and is an ardent sportsman, being rated the best rifle shot in the county.

This is the way they go for the next sixteen days: $1.50 colored shirts (for white collar) go at $1.00; $1.00 shirts go at 66c; 50c shirts go at 33c.

REUBEN S. PATTERSON.

DISMISSED THE GUEST.

Sir Redvers Buller is credited with being of the type of officers whose "butcher's bill" is rather more likely than not to be large. That he is not a person who will allow any ordinary considerations to swerve him from what he thinks is his duty was shown at a dinner in his house not long ago. A certain well known man was present, and told an anecdote which was so "off color" that the ladies were excessively displeased and distressed.

When dinner was over Sir Redvers rang the bell.

"Mr. A.'s carriage," he ordered when the butler appeared.

"I do not expect my brougham so early," said Mr. A., and there was a gleam of defiance in his eyes.

Sir Redvers did not reply, but he took Mr. A. by the arm and led him gently into the hall. "It is time for you to go," he said quietly, and his guest went.—New York Press.

INCREASE OF NATIONALITIES.

According to a German statistician Russia is the nation which increases the fastest—her population will double in about forty-five years. Germany needs sixty-five years. Austria-Hungary seventy, England eighty. Italy 110, but France can only do it in 860 years, provided the present annual increase does not diminish, which unfortunately seems to be the case. The loss of Alsace-Lorraine, with a population of 1,250,000 souls is nothing in view of the insignificant annual increase of France's population. During the last five years the population of Germany has increased 3,000,000, while France's increase has been scarcely 175,000—a considerable part of whom are moreover of foreign nationality.—Paris American Register.

Subscribe for The Sentinel.

THE MARKETS.

Chicago, Jan. 12.—The strength, activity and broad guage business in provisions made that market the feature of the board of trade today. The initial strength was due to receipts of hogs under estimate and higher prices at the yards. Outside business was on a large scale; the demand for May lard and ribs for out of town, as well as influential local interests, was practically good and the investment demand excellent. At 11 o'clock the advance was well held. May pork opened 5@10c over yesterday at $11.00@11.02 and advanced to $11.12½; May lard 5@7½c up at $6.07½, and May ribs 5c improved at $5.85.

The weakness of Liverpool and the liberal Argentine shipments principally the latter, were considerations in the wheat market which lent their influence to the easier tone which prevailed at the opening. The volume of trade was small and the shipping demand up to 11 o'clock poor. The strength of provisions had a steadying tendency. At the decline the market was sustained by buying against puts. May opened ¼@⅜c lower at 67⅝c, eased off to 67½c and then reacted to 67⅞c. Receipts here were 48 cars, 8 of contract grade. Minneapolis and Duluth reported 334 cars against 453 last week and 504 a year ago.

Corn early felt the weakening influence of wheat, but small country offerings, the mild weather and the strength of provisions came as a later support, and at 11 o'clock the market ruled firm at an advance of over yesterday's closing price. Receipts were 414 cars. May opened a shade down at 33½c and advanced to 33⅝c.

Oats were quiet but firm with provisions and corn. Receipts were 214 cars. May opened unchanged at 24c and for a time ruled firm at 24⅛c.

THE CLOSE.

Prices at the close were as follows:

Wheat—Jan., 64c; May, 67⅝c; July, 68⅛@68¼c.

Corn—Jan., 30⅞c; May, 33⅝c; July, 34⅛c.

Oats—Jan., 22½c; May, 24c.

Pork—Jan., $10.75; May, $11.05; July, $11.15.

Lard—Jan., $5.90; May, $6.07½; July, $6.17½.

Ribs—Jan., $5.75; May, $5.85.

Flax—Cash N. W., $1.50; Cash S. W., $1.50; May, $1.49.

CHICAGO LIVE STOCK.

Chicago, Jan. 12.—Cattle—Receipts, 2,500; export and good heavy steers, stronger; others about steady.

Beeves, $4.00@6.50; cows and heifers, $3.50@5.00; canners, $2.25@3.00; stockers and feeders, $3.00@4.90; Texas fed beeves, $4.25@5.25.

Hogs—Receipts today, 25,000; tomorrow, 20,000 left over, 3,400. Market active. Mixed and butchers, $4.40@4.65; good to choice heavy, $4.55@4.72½; rough heavy, $4.40@4.50; light, $4.35@4.55; bulk of sales, $4.50@4.65.

THE DAY ON WALL STREET.

New York, Jan. 12.—The majority of stocks showed gains at the opening in spite of the continued pressure against Sugar. Those stocks which were most severely depressed yesterday showed the greatest rebound, Metropolitan rising 1½ and Federal Steel 1¼. In the railroads gains ranged up to a point in Louisville and 1¼ in Cleveland, Cincinnati, Chicago and St. Louis under the impulse of strength in foreign markets. There were supporting orders in Sugar and opening sales were at the low price of 113. The quotation quickly recovered to 114⅛. The stock was feverish and active at the higher level.

Speculative sentiment regarding the specialties was considerably mixed for a time and the local group, Sugar and Tobacco vibrated widely. The latter stock ran off 2¼ and caused selling all around. Sugar was then pushed up 4½ from the lowest and the entire list responded to above the opening level. Ordinary movements occurred in the Standard issues, but the tendency was upward, notably so in Baltimore and Ohio and Burlington.

A determined drive against Brooklyn Transit and Metropolitan Street Railway forced them down 2½ and 4½ respectively. Sugar then fell 2½ and some of the specialties reacted in sympathy. Many of the railways held up well and the failure to induce liquidation in this quarter steadied the list.

There was but little doing in bonds and prices hold firmly.

NEW YORK PRODUCE.

New York, Jan. 12.—Butter—Receipts, 1,884 pkgs; market unsettled; June creamery, 23@27c; western creamery, 24@28c; factory, 17@22c.

Cheese—Receipts, 1,131 pkgs; market firm; fall made fancy small, 12¾@13c; fall made fancy large, 12¾@13c; large late made, 11¾@12c; small late made, 12@12¼c.

Eggs—Receipts, 5,289 pkgs; market barely steady; western, 26c, loss off; western ungraded at mark, 14@18c.

Sugar—Raw, strong; refined, firm. Coffee—Market firm; No. 7 Rio, 8c. Molasses—Market quiet but firm.

THE MONEY MARKET.

New York, Jan. 12.—Money on call easier at 4½ per cent; prime mercantile paper, 5½@6 per cent; sterling exchange easier with actual business in bankers' bills at $4.86@4.86⅛ for demand and at $4.83@4.83⅜ for 60 days; posted rates, $4.84½ and $4.86; commercial bills, $4.82½@4.83; silver certificates, 58½@59½c; bar silver, 58½c; Mexican dollars, 47½c.

THE BOND MARKET.

New York, Jan. 12.—Government bonds irregular:

U. S. 2s registered	102½
U. S. 3s registered	109¼
U. S. 3s coupon	110
U. S. 4s registered (new)	133¾
U. S. 4s coupon (new)	133¾
U. S. 4s registered (old)	113¾
U. S. 4s coupon (old)	114
U. S. 5s registered	112¾
U. S. 5s coupon	112¾

A GREAT GRAZING COUNTRY.

The natural pasturage of the uncultivated lands in China is going to be the readiest means of revivifying this country by those who have a little capital. Grass and other forage is rich, succulent and constantly self-renewing. Many cattle are now being brought in from the states. Those who have witnessed their transition say that in a short time they are in an ideal condition. Of course, such a thing as the preservation of hay is unnecessary in a country like this where forage is produced fresh every month in the year.—Indianapolis Press.

All heavy-weight underwear discounted 10 per cent.

REUBEN S. PATTERSON.

A QUESTION SETTLED.

1—Mrs. Fancychick—Do we want to mix up with that gang of ill-bred, common, low-down broilers over there?

Mr. Fancychick—Well, my dear, er—

2—Yes, and mighty quick, too!

A CLOCK IN THE SIDEWALK.

Rather novel is a clock set into the sidewalk. The dial consists of a glass plate through which are seen large numbers denoting the hours and minutes. The upper line changes every hour and the lower every minute. The figures are operated by electricity and are controlled by a master clock inside the store. The numbers are carried on celluloid ribbons, which are fed by proper mechanism. —Chicago News.

From far away Noumea, in New Caledonia, Commercial Agent Wulff writes of prosperity, a rapidly growing commerce and increased trade with Western America. A stone quay, the finest in the Pacific, is under construction, and a plant for the electric lighting of the town is erected.

Minnesota is the greatest of all the wheat states. Last year her wheat fields covered nearly 5,000,000 acres, and she grew upward of 75,000,000 bushels—more than twice the entire production of the Continent of Australia, and more than that of Great Britain and Ireland.

Russia in Europe has a forest area of about 500,000,000 acres. One-third of the country, indeed, is forest.

THE LITTLE DINNER.

For the Hostess of Moderate Circumstances and Dainty Tastes.

Dinner giving is one of the most exacting of social functions. The uninitiated hostess makes a mistake if she tries to pay her social obligations in bulk, especially if her means are limited. For such a one a "little dinner" is best, and the following hints about it, from The Household, will be helpful: It is important that there be no more than the table can accommodate in comfort or the usual help attend to. Large dinner parties in small houses mean failure as a rule. Four or six guests can be properly entertained much better than a dozen, and the compliment to the few invited is far greater than where a crowd is met.

Too many courses are a mistake. Five to seven are sufficient. Nothing is more wearying than the "little dinner" served with pompous ostentation. Don't overcrowd your table, and have plenty of room. The ventilation of the dining room should receive extra care. Air the room throughout the day and let the temperature be about 68 degrees. A fire is seldom necessary, as the lights and food warm a room quickly.

Cover the table—a round one is the most social of all forms—with a heavy silence cloth, over which place a linen damask freshly laundered. This may be elaborated with insertion of renaissance or bands of cluny lace or Mexican drawn work in fanciful designs. The plain damask hemstitched cloths are never out of style and always look well. Colored cloths and napkins are not used at dinners.

No dinner table is complete without flowers, but great care must be observed in their selection. Delicately tinted flowers are preferable, because they will harmonize better with other colors. Another thing to be avoided is the possibility of annoying one's guests with the strong scent of some otherwise suitable flowers.

A low glass bowl filled with loose sprays of chrysanthemums, edged with a feathery green vine and resting on a daintily embroidered center cloth, forms an excellent centerpiece, or, if you are the possessor of a round, silver rimmed mirror, place it in the center of the table and encircle with fern tips or sprays of smilax or spikes of white and green mignonette. On the mirror place a slender vase containing a few perfect half blown roses or carnations, with a few sprays of green. At each place lay a loose cluster of long stemmed rosebuds or carnations.

Short stemmed flowers are effectively arranged in a border of smilax or other green vine wound in an artistic manner about the table.

The candelabra are placed at either end of the central mass of bloom, crowned with shades the hue of the flowers that are used or white. Single candlesticks are now frequently seen in place of the larger candelabrum. From four to eight are used, according to the size of the table.

Tiny dishes containing olives, salted almonds and bonbons are placed about the centerpiece.

Diet and Complexion.

This is an excellent time to remember that injudicious diet is the cause of many skin affections, and careful dieting will in numbers of cases do more to clear the skin from eruptions than drugs or lotions can possibly accomplish. If you desire to have a healthy skin, free from blotches and other disfigurements, be careful what you eat and drink. New bread, rich pastry, pork, shellfish, malt liquors and all highly seasoned dishes should be rigorously avoided. Tea and coffee should be taken sparingly. Fruits, especially apples and oranges, should be eaten freely. Always keep a pot of cold cream upon the toilet table. As an emollient for the skin, either in winter or summer, there are few specifics which can surpass it.

A New Wrinkle In Mince Meat.

This mince meat is made with maple sugar. Take one quart of chopped beef, one-half pound of suet, one cup of butter, one pint of molasses, two quarts of chopped apples, two cups of raisins, two pounds of maple sugar, one teaspoonful each of cloves, allspice and cinnamon. Boil slowly in two quarts of sweet cider two or three hours, being careful not to let it burn.

A Fad In Bracelets.

A novel idea upon which time and very little money can be spent has come to be acknowledged as a need of the up to date American girl. Some one suggested that a monogram bracelet, upon which the initials of one's friends could be engraved, would supply this want. And it has, says the New York Herald.

Heavy silver, or sometimes gold, bracelets are purchased by girls who,

THE NEW MONOGRAM BRACELET.

after wearing them for a short time, request their friends to honor them by having their initials engraved upon the face of the bracelet.

From one friend to another the silver band is passed until its outer surface is filled with the monograms of the young woman's acquaintances. It is then returned to the owner and placed among her jewels as a memento.

Economy and friendship are aided by this recent custom. A silver bracelet, such as those required for the engraving, costs from 50 cents to $2. The cost of engraving should be defrayed by those who are asked to place their monograms upon it.

It is no trouble for British correspondents to keep General Joubert hors de combat. When there has been no shooting, they lay the old man up by having his horse sit down on him.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S. which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."
R. F. WILLIAMS,
Gillsburg, Miss.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

S.S.S. For The Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable.

All others contain potash and mercury, the most dangerous of minerals.

Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

WANT MORE CARS

FORT WAYNE SHOPS BOOK A NUMBER OF ORDERS.

WILL BUILD 350 BOX CARS

ALSO SPECIMEN FURNITURE CAR AND TEN CABIN CARS.

J. R. WALTON IS VERY SICK

PNEUMONIA THREATENS THE AGED RAILWAY MAN.

All likelihood of a scarcity of work at the east car shops of the Pennsylvania company was removed this morning, when several orders for new cars were received and placed on the books. The most important order calls for 350 box cars. Then in importance comes an order for ten cabin cars, as the Pennsylvania cabooses are called, which are needed very badly on the road. The business of the line has been immense this winter and it became necessary to increase the number of train crews, making a shortage in cabooses. This was temporarily supplied by fixing up a half-dozen box cars with stoves and other equipment, but they are not satisfactory and will soon be replaced with the new cabin cars. The shops will also build a furniture car of immense dimensions and upon a new plan. It will have two ten-foot doors on each side and will be used in local business on the Cleveland, Akron and Columbus when not needed for the purposes for which it was especially designed. The shops have plenty of repair work on hand, and with the new work there will be lively times out there for some months.

PREPARING TO MOVE.

Freight Agent Kirkland, of the Pennsylvania, is preparing to vacate his present office and temporary quarters are being fitted up for him and his army of assistants in the depot building. The room assigned to Mr. Kirkland is a large one which formerly served as a special parlor or reception room at the McKinnie house. The men in the water works and electric light departments are now engaged in equipping the room with lights, heating and water apparatus and will have everything in readiness to make the transfer of desks Saturday night. It is expected to have everything completed so that business can go on uninterrupted from that date.

TWO-CENT FARE MOVE.

The two-cent fare question is again an interesting theme in legislative circles in Ohio. Wednesday Representative Clyburn introduced a bill providing for the printing and sale by the state commissioners of railroads of mileage books at 2 cents a mile, the books to be good on all roads in the state. The commissioner is to appoint agents in each county for the sale of the books, the proceeds to be turned over to the state treasurer, who shall redeem the coupons, deducting the cost of printing. Agents are to receive a fee of 25 cents per each book sold.

BIG OFF DUTY LIST.

The sudden stoppage of the natural gas supply no doubt prevented some men from working today; at least the size of the absentee list in some of the departments of the Pittsburg shops indicates as much, for they more than double the lists of the preceding days. Among the new names this morning were Henry Zollinger, W. Sudebrink, H. G. Beneke, Benjamin Bowers, F. Haas, Peter Junk, J. H. Cody, Charles Trabaugh, M. K. Griffiths and Henry Dickmeyer. Many other men were late in reaching the shops, all telling the same story: "Delayed by want of fuel to get breakfast."

CARLUCCI STONE WORKS READY TO MOVE.

The long blast of the whistle given at the Carlucci stone works this evening was the expiring effort of the life of the cut stone works. These works were put up by James Stewart & Co. expressly for the work on the new Allen county court house, about two and a half years ago. James Stewart & Co. having completed their work last spring, sold the plant to the present proprietor, Frank Carlucci, of Scranton, Pa., but the management and the working force of the plant have remained the same. P. Holscher, a former resident of St. Louis, has had charge of the works, with G. Stieglitz, of Chicago, as foreman. This plant here is but a branch of the Carlucci stone works. Mr. Carlucci at the present time is operating plants in New York city, Scranton, Nicholson and Forest City, Pa. This branch will be moved to Scranton and its capacity doubled. Mr. Holscher takes his family with him to Scranton, where he will make his headquarters, he taking charge of the entire Carlucci stone works. Mr. Stieglitz will take charge of this plant there. This speaks well for the people who had charge of the cut stone on the new court house, who, although strangers to Mr. Carlucci at the time he purchased the plant, now have the call over eastern men in the control of his works. Mr. Holscher and his men regret very much their coming departure from Fort Wayne, but as promotions in business come seldom, they have decided to answer the call.

APPOINTED MASTER MECHANIC.

Notice of the appointment of W. J. Bennett to the office of master mechanic of the western division of the Chicago and Alton road, with headquarters at Slater, Mo., has reached this city. Mr. Bennett, during a very creditable railway career, has served the Cotton Belt, the Joliet and Eastern and other lines and has acquired an experience which qualifies him for any position in the mechanical and motive power departments. He is also a most congenial fellow and always makes friends of the men with whom he is associated. He has two brothers on the Wabash: G. R. Bennett, general foreman of the locomotive department at Toledo, and Herbert E. Bennett, machinist in the shops in this city.

BUILDING DELAYED.

The Wabash has been disappointed by the non-arrival of timber for the completion of its shop additions in this city. The brick work has been finished several days and the carpenters should be well advanced in their part of the work. The timber is not yet in sight and the mill men refuse to make a definite promise of the date of arrival, simply stating that they "will send it as soon as possible." W. S. Danes, superintendent of buildings, has arranged to put a big force on the work and crowd it rapidly to completion just as soon as the material arrives.

FIRE IN THE GALT HOUSE.

There was an exciting time at the Galt house, in Chicago, yesterday. Fire broke out in such a manner that it quickly filled some of the rooms with smoke, and the exodus by fire escape, elevator and stairway, was something wonderful. One of the best known Pennsylvania passenger conductors, who resides not far from the Kerr Murray works, created quite a sensation by gliding down the fire escape with his clothes under his arms. The fire was a trifling affair, being more smoke than flame, and the damage was chiefly to the feelings of the occupants of the building. The Galt house is a favorite hostelry with railway men, and possibly two thirds of the passenger trainmen of the Pittsburg road stop there while in Chicago.

LOST SOME FINGERS.

Brakeman Logan Coffman, of the Wabash, slipped on the ice while running by the side of moving cars at Andrews yesterday and his left hand went under the wheels and was crushed. He was taken to Peru, where all the fingers of the member were amputated. Coffman is a new employe and was making his second trip when the accident happened.

MR. WALTON VERY SICK.

The venerable J. R. Walton is lying very ill at his home, 43 Bruckenridge street, being threatened with an acute attack of pneumonia. C. E. Walton was summoned to his father's bedside last night, it being feared that the aged patient might not recover from the depressing attack which seized him late in the afternoon. He revived, however, and today Dr. C. B. Stemen, the attending physician, reported a slight improvement in the general condition of Mr. Walton. The sick man is one of the oldest of the Pennsylvania employes in this city, both as to years and in term of service. He belongs to the clerical department, and for many years occupied a desk in the superintendent's offices. For the past six or eight months Mr. Walton has been in the storekeeper's department. He is the father of Clinton H. Walton, superintendent of the Chicago terminal division of the Pittsburg road; of Charlie Walton, until recently the trainmaster of the western division, and of Horace Walton, a former passenger brakeman on the road.

INSPECTING FREIGHT OFFICES

William Borner, general western and division freight agent of the Pennsylvania company, is today inspecting the freight offices in the towns and cities between Fort Wayne and Crestline. His special train left this city at 7:30 this morning and besides Mr. Borner, it carried Trainmaster J. F. Patterson and Chief Dispatcher W. H. Tigar. The train was in charge of Conductor John Phipps and Engineer W. L. Scott was at the throttle.

INDUSTRIAL NOTES.

William Brunka, a painter at the Wabash shops, is sick and off duty.

Next Monday the Illinois Central will open its Omaha lines for through traffic.

John Christian, a boilermaker at the Bass works, is sick and unable to attend to his duties.

J. Haslop, of the Pittsburg planing mills, has gone to Chicago to spend a few days with friends.

Carl ZurMuhlen, of the Wabash machine shop, is off duty on account of the death of his grandfather.

John Reardon, Henry Schwartz and M. Wambach have resigned their position at the Kerr Murray works.

Michael Murphy and James Curry, machinists, employed by the Wabash, have returned from Delray, Mich.

Master Mechanic G. S. McKee is attending the monthly meeting of Wabash railway officials in St. Louis today.

J. H. Callen, Pennsylvania station agent at Convoy, is dead. He had been sick a long time and his death was not unexpected.

Peter Denahy, boilermaker, and Jacob Goudret and Ed Burke, helpers, last night quit their positions at the Bass shops and will seek work elsewhere.

Machinist George Poyser and Boilermaker Fred Kniser, of the Wabash shops, are sick. The former only recently reported for duty after a week's illness.

Supt. M. L. Reynolds and Roadmaster J. R. Colston, of the Lake Shore, were in the city yesterday in their respective official capacities. They reside in Hillsdale, Mich.

Bob Volz, the wheel roller, was unable to report for duty this morning, because his wounded foot has temporarily failed him. The member was crushed in a turntable several weeks ago.

Foreman Joseph Slater is in Indianapolis to close a big deal with one of the patrons of the Bass blacksmith shop. In the meantime Jacob Hausbuch has charge of the 'smithies at the shop.

Passenger Conductor G. M. Sauer, of the Nickel Plate, is recovering from an illness which has kept him from his run on the road for two or three weeks. He will be unable to take his run out for two or three days.

Mr. Johnson, who represents a firm engaged in the manufacture of asbestos for boiler lagging purposes, is here on his periodical visit. The several railway shops in the city and particularly the Pennsylvania, are his customers.

One week from next Monday F. W. Deibert becomes assistant superintendent of motive power of the Baltimore and Ohio with headquarters at Newark, O. He has resigned as master mechanic of the Chicago, Milwaukee and St. Paul at West Milwaukee.

One week from next Monday will occur the marriage of Miss Jessie Beach Crane to Walter Evans, jr. The young lady is the daughter of C. S. Crane, general passenger agent of the Wabash, and Mr. Evans is at the head of the advertising department of the Wabash.

Col. R. G. Thompson leaves this evening for Buffalo, N. Y., where he will meet a party of bankers who wish to be included in the party of tourists who will leave this part of the country February 14 for a month's tour of Mexico. A telegram from the Buffalo people requested Mr. Thompson's presence. They have fully decided upon the trip, but wish some more information concerning the itinerary than is contained in the booklet issued some days ago by the company.

The Panhandle is a very popular route for stock shippers and the railway is showing its appreciation of this favoritism by treating the stockmen and their help courteously. Coaches are attached to stock trains for the use of the drovers. On other roads the stockmen ride in uncomfortable cabooses.

Messrs. Taft & Dailey have secured the services of George S. Watson, of Chicago, who will arrive in the city Sunday and assume charge of their waist factory Monday morning. Mr. Watson was formerly with Zimmerman & Co., garment makers, and has had a good deal of experience in that line of work.

The last two years general superintendents of the important lines have been promoting trainmen to trainmasters. Many of the managers and superintendents in the past have thought that a man cannot be a trainmaster unless he is a telegrapher, but recent promotions have shown that telegraphy is not at all necessary.

Mr. Eichhorn, a brother to N. J. Eichhorn, of the Wabash, was in the city a short time this morning, being en route to his home, Pittsburg, Kan. He had been east attending the funeral of his brother, whose demise was mentioned in The Sentinel a few days ago. Mr. Eichhorn is assistant chief clerk of motive power of the Kansas, Pittsburg and Gulf road.

Secretary J. W. Burns, of the R. R. Y. M. C. A., announces that arrangements can be made for the study of the Bible by railway men who are out on the road so much that they are unable to attend church and other places where the Bible is discussed. Secretary Goodman, of New York, has prepared a course of study for such persons and all who wish to join a class can do so.

H. Levington has not disposed of his interest in the Hoosier Glove and Mitten factory to Mr. Loomis, as stated in some of the city papers. He simply vacated the Phillips property on West Main street because it was too small for his business and has temporarily located his shop in the Arcade. He is now seeking more commodious quarters and will decide upon a location in a few days. Mr. Loomis has occupied the Phillips property and will engage in the same line of manufacture.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during th day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

NORTHERN INDIANA NOTES.

Dr. Buckingham, residing near Geneva, was found dead in bed.

The Wells county democracy will nominate a county ticket on the 20th inst.

Fred Warner, a civil war veteran, of Elkhart, in six weeks, has managed to scatter $860 in pension money.

Edward Steinfeldt, of Laporte, was assistant janitor of the court house, and he committed suicide because the county commissioners found out that he was a republican and discharged him.

The Dorner Truck company, of Cleveland, O., removed its works to Logansport, in consideration of a bonus of $28,000; so, also, the Gray iron works, of Marion. Both plants will soon be ready for work.

Emory Cooper, charged with being engaged in a riot at Russiaville New Year's day, has been arrested at Paoli, and will be taken to Kokomo for trial. Two other alleged rioters have been located in Texas and will be returned.

At Huntington one hundred citizens have petitioned the city council to require the Huntington Light and Fuel company to charge only 50 per cent. of the scheduled rate for gas when the pressure is not over four ounces per square inch.

Three petitions are being circulated at Warren and adjacent towns for the pardon of Thomas Bloom, now serving a term in the Michigan City prison for the killing of James Bess, an oil-well driller. Bloom shot at Bess intending to "wing" him, while the latter was stealing corn from Bloom's barn.

Announcement has been made of the marriage of Dr. Samuel Pagin, of Valparaiso, a specialist, and Miss Elizabeth Miller, of Goshen, that took place several weeks ago at South Bend. They will locate in Goshen, the doctor to practice his profession.

A telephone fight is on the tapis at North Manchester. Four or five years ago some parties put in a toll-line system, connecting that place with a dozen different points. The investment was profitable, and a year ago an exchange with about sixty subscribers was put in. The Central Union recently obtained a franchise for a toll-line through North Manchester, and is now after a franchise for an exchange. The friends of the home company will endeavor to prevent the granting of the right to the streets.

NEW OIL TERRITORY.

Warren, Ind., Jan. 12.—The Warren Oil company's first well, immediately west of this place, was shot Wednesday afternoon. The well is located two miles from the established field, and much anxiety was felt as to the result of the shot, a great crowd assembling. Even the schools were dismissed, and fully one thousand people witnessd the scene. The well proved to fully meet expectations, and experienced men say that it is good for sixty barrels daily, which is above the average in the field. There was no showing of gas. The company is now preparing to drill a second well, and this entire vicinity will soon be dotted with derricks, with Warren in the center of the oil field. The demand for houses already exceeds the supply, and a boom is looked for.

A GIFT TO OBERLIN.

New York, Jan. 12.—Louis H. Severance, of New York, has given $60,000 to Oberlin college for the new chemical laboratory. He has purchased the land on which the laboratory is now being built. Mr. Severance's gifts to the college the last year were over $63,000.

ANTI-BELL WORKERS MEET.

Cleveland, Ohio, Jan. 12.—Representatives of the non-Bell telephone interests of Ohio, Indiana, Michigan and part of Illinois, who have been in session here for several days past, arranging for long-distance business between the various local companies, have completed their work, with the exception of some minor details, and adjourned. It is probable that a general basic rate of half a cent a mile will be adopted for distances greater than forty miles, distances to be calculated in an air line. For less distances than forty miles there will be an arbitrary scale of rates, with a minimum rate of ten cents and a maximum rate of twenty cents.

The People's Store.

MACHIAS AT SANTO DOMINGO.

Santo Domingo, Jan. 12.—(Via Haytien Cable.)—The United States gunboat Machias and one more French warship have arrived here. The French admiral has had a conference with the government. According to rumor the difficulty is being settled in a satisfactory manner.

The value of the imports of potatoes into England yearly is estimated at about $3,000,000.

ALL GOOD DANCERS

Are at Elektron hall Saturday nights. Ladies free. 12-2t

CARD OF THANKS.

I wish in this manner to thank the employes of the Kerr Murray works for the kindness they have shown me since the death of my beloved husband. May God bless each and every one of them.

MRS. WILLIAM J. LOTZ.

ELEPHANTS AS NURSES.

Siamese women entrust their children to the care of elephants, who are careful never to hurt the little creatures; and if danger threatens the sagacious animal will curl the child gently up in his trunk, and swing it up and out of harm's way upon its own board back.—Cincinnati Enquirer.

THE WEATHER.

Chicago, Jan. 12.—Forecast for Indiana—Partly cloudy tonight and Saturday; variable winds.

LOCAL LINES.

Frank Jones is in Kendallville visiting Miss Luella VanBuskirk.

William Young goes to Montpelier tonight to furnish music for a dance.

Mrs. E. Spangle, of Columbia City, was a Fort Wayne visitor yesterday.

Father Ellering, of Columbia City, spent Thursday afternoon in Fort Wayne.

Mrs. R. L. Meyers, of Rome City, is visiting Fort Wayne friends for a few days.

Sam Harmon and Chris. Newcomer occupied their cottages at Rome City this week.

H. C. VanSickle, of Frankfort, is a new traveling salesman for A. H. Perfect & Co.

Mrs. J. H. Barr, of Roanoke, is in Fort Wayne, the guest of her daughter, Mrs. B. J. Roberts.

Mrs. Mattie Zent and Mrs. J. F. Christian, of this city, have been visiting Roanoke during the week.

G. R. Gaebel, of Columbus, Ohio, has taken a position as traveling salesman for the Wayne Waist company.

Miss Emma Abendroth has returned to her home in Fort Wayne, after a pleasant visit with Fort Wayne friends.

Miss Rosa Follmer, of Monterey, Ind., who was visiting Mr. and Mrs. H. Grosh for the past three weeks, has returned home.

George Zurbuch, for twelve years with George DeWald & Co., has accepted a position with the Wayne Dry Goods company.

Hite Wolsey, of this city, was in Huntington this week, and Wednesday evening attended the golden wedding of Mr. and Mrs. G. V. Griffith. Mr. Wolsey is a brother of Mrs. Griffith.

L. J. Bobilya makes announcement that he will not be a candidate for chairman of the democratic county central committee. It is understood that Mr. Bobilya will be a candidate for auditor at the next election for that office and does not care to enter into a scramble for the chairmanship.

Bluffton Daily Banner: "A jolly crowd of nine persons came in from Vera Cruz today and went to their home near Fort Wayne. In the crowd were John Ell, Mrs. Lea, Minnie, Katie, Jacob and Alpheus Conrad, Henry Stalter and Albert Klopfenstine, and they have been visiting relatives at Vera Cruz and Geneva."

H. F. HILGEMANN & SON,
121 & 123 West Jefferson St.
Phones 85.

OFFICERS ARE CHOSEN.

The executive committee of the Associated Charities met in room 8, city hall, Thursday afternoon and elected the following officers for the ensuing year: President, Mrs. A. D. Guild; vice president, S. M. Foster; secretary, Rabbi Frederick Cohn; treasurer, Jared D. Bond. The committee discussed matters connected with the labor yard and decided to continue the operations at the yard during the balance of the winter. Last week there were nine men employed in the yard. The committee also discussed the advisability of appointing a district nurse, whose duty it would be to visit poor families and attend to the sick members thereof. No definite action was taken in the matter, although the committee is favorable to employing a trained nurse so that sick poor people can have the same care as the well to do.

There will be gospel meeting Sunday afternoon at 3 o'clock at the Gospel tabernacle, corner Clinton and Holmon streets, at which the new leader will be in charge.

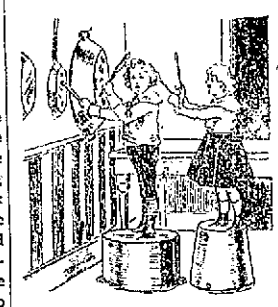
UNBEATABLE TINWARE



not the kind that will not be harmed by rough usage, but the kind that can not be excelled.

Our tinware and granite iron ware are of the heirloom variety; will last for a generation and always be satisfactory. Sure to be satisfactory because it's of the satisfactory sort.

As you know it often happens that the holes which make their appearance in the dish pans and milk cans come without warning, like the ghost that walks at night. No one knows how it happened. We don't mind, of course, because it makes business good for us. The holes are there, and new pans are here. That's what we are trying to get at. Solid, honest tin, fashioned in convenient shining pans, etc., waiting to save you many steps and keep the food clean and wholesome. As much honesty has gone into the making of this tinware as goes into the diamond ring. Call in and see it, the sooner the better, and we will soon show you the difference between shoddy 5 and 10c ware and the real article that can be depended upon.
